

DECOBOARD BY DUROPAL

DECOBOARD a superb range of textured HMR particle board from Europe.

Reflecting current trends for strong and distinctive surface structures, DECOBOARD captures the natural appeal of genuine timber with its finely nuanced and distinctive tactile finish. The result is an inspired look for the modern interior.

DECOBOARD is an economical and maintenance free alternative to expensive timbers and veneers.

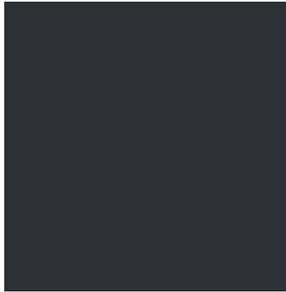

DECOBOARD is ideal for domestic and commercial applications. The choice of 6 woodgrain patterns and 1 solid colour matched not only for colour but texture, this provides a solution to compliment most environments and decors. All this backed up by a 7 year warranty.

As with many of our panel products we also offer a cut and edge service for DECOBOARD thereby removing the time and cost to produce the finished panels.
